

MUNICIPALITY OF TOWNSHIP OF LOW

4A, D'Amour Street, Low (QUÉBEC) J0X 2C0
TELEPHONE : (819) 422-3528 – FAX : (819) 422-3796
EMAIL : dga@lowquebec.ca

NOTICE – RESIDENTIAL FIRE PREVENTION PROGRAM

The Municipality of Township of Low is advising you that the residential fire prevention program will be under way in the following sectors from November to December 2023:

Route 105:

From 14 to 1120

McDonald Road:

From 4 to 720

Fieldville Road:

Monette Road
Village of Fieldville
Lac Pike Road from 3 to 15

Sector Rivière du Soleil

Village of Low
Village of Venosta

Fire fighters will be coming to your door to ensure that [by-law # 003-2014](#) concerning the protection and prevention of fire emergencies is being followed.

The fire fighters will ensure that:

1. your residence or cottage has the appropriate number of fire/smoke detectors and that they are up to code and functional.
2. your chimney has been cleaned.

While they are present, fire fighters will also ask if you would like them to perform a more thorough inventory of all of the elements that could present a fire risk, such as your heating system, wood stoves, propane tanks and other such elements. The information they collect will provide the Fire Department with the information needed to develop a portrait of fire risks in the municipality.

The Municipality of Township of Low would appreciate your collaboration in this more in-depth analysis, since the ultimate goal of the prevention visits is to protect life and property.

Help us keep the Township of Low safe!

For further information please contact Ghyslain Robert, Deputy director at 819-664-2647 or by email at officiers@lowquebec.ca.

Thank you for your understanding,

Sandra Martineau
