Fire Department Service

PUBLIC NOTICE

RESIDENTIAL FIRE PREVENTION PROGRAM

The Municipality of the Township of Low is advising you that the residential fire prevention visits program will start in March through November 2025 in various sectors.

Fire fighters will be coming to your door to ensure that bylaw # 003-2014 concerning the prevention and protection from fire emergencies is being followed.

The fire fighters will ensure that:

1. Your residence or cottage has the appropriate number of fire/smoke detectors and that they are up to code and functional.
2. You have had your chimney cleaned.

While they are present, fire fighters will also ask if you would like them to perform a more thorough inventory of all of the elements that could present a fire risk, such as your heating system, wood stoves, propane tanks and other such elements. The information they collect will provide the Fire Department with the information needed to develop a portrait of fire risks in the Municipality.

The Municipality would appreciate your collaboration in this more in-depth analysis, since the ultimate goal of the prevention visits is to protect life and property.

Help us keep the Township of Low safe!

For further information please contact Michel Lemieux, Director of the Fire Department at 819-422-3528 or Ghyslain Robert, Deputy Director of the Fire Department at 819-422-3528 or by email at officiers@lowquebec.ca.
