2025-12-200 TO SUPPORT THE MRC DE LA VALLÉE-DE-LA-GATINEAU - REQUEST TO THE GOVERNMENT OF QUEBEC TO SUSPEND LAW 2 "AN ACT TO ESTABLISH COLLECTIVE RESPONSIBILITY FOR IMPROVING ACCESS TO MEDICAL SERVICES AND TO ENSURE THE CONTINUITY OF THE PROVISION OF THESE SERVICES

WHEREAS the Quebec government has introduced Bill 2, which aims to introduce new management and performance measures in the healthcare system, particularly for family doctors;

2025-12-200 WHEREAS this law was initially known as Bill 106, entitled “An Act mainly to establish collective responsibility for improving access to medical services and ensuring the continuity of the provision of such services,” and was passed by the National Assembly of Quebec on October 25, 2025, under gag order;

WHEREAS this law is causing serious concern among healthcare professionals, particularly because of its focus on quantitative performance rather than quality of care;

WHEREAS family physicians, particularly in regions such as the Vallée-de-la-Gatineau, assume a wide range of clinical and community responsibilities that are essential to the proper functioning of the healthcare system;

WHEREAS such a reform puts additional pressure on an already fragile situation, increasing the risk of students dropping out, moving to other provinces, and making recruitment and retention more difficult;

WHEREAS it is essential to refocus health policies on patient needs and on the principle of humane, accessible, continuous, and high-quality care, but that the payment method provided for in Law 2 focuses on the quantity of medical procedures rather than on the quality of services rendered, which runs counter to this fundamental principle;

WHEREAS public confidence in the healthcare system is based on stability, transparency, recognition of professionals, and their involvement in decisions that affect them;

WHEREAS a reform of this magnitude should be developed through a collaborative approach with physicians and network stakeholders, taking into account regional realities, the specific challenges of peripheral regions, and in a spirit of collaboration;

WHEREAS as part of the resumption of negotiations on the terms of Bill 2, arbitration should be favored in order to promote the achievement of a consensus that serves the best interests of the healthcare system;

WHEREAS extensive consultation with healthcare professionals and regions ensures legitimacy and relevance in the development of laws governing our healthcare system.

WHEREAS the Municipality of the township of Low adopted, at a regular meeting of its Municipal Council held on October 2nd, 2025, resolution number 2025-10-172, for the purpose of supporting the MRC de la Vallée-de-la-Gatineau in their opposition to Bill 106, which hinders the retention and recruitment of physicians, particularly in outlying regions.

FOR THESE REASONS, this Council:

1. States that the preamble is an integral part of this resolution.
2. Supports the MRC de la Vallée-de-la-Gatineau in its efforts to ask the Quebec government to suspend the application of Bill 2 in order to allow for a comprehensive reassessment of its effects on the healthcare system, particularly in regions such as the Vallée-de-la-Gatineau, call for broader consultation as part of this reassessment, request that negotiations resume through arbitration, invite the government to adopt a collaborative, co-construction approach to any future health care reforms, and reiterate the importance of putting patients and quality of care back at the center of political and administrative decisions.
3. Transmits a copy of this resolution to the MRC de la Vallée-de-la-Gatineau, to the Minister of Health and Social Services, the Premier of Quebec, the members of the National Assembly representing the Outaouais region, the Quebec Federation of Municipalities, and the Union of Quebec Municipalities.
