

For immediate release

Wednesday 8 July 2026

Temporary closure of the cross-river link at the Paugan power station

Hydro-Québec wishes to inform the public and its partners of the closure of the cross-river link at the Paugan power station, which connects the municipalities of Low and Denholm. Access will therefore be prohibited to vehicles, cyclists and pedestrians.

Maintenance work at the Paugan power station:

- **From Tuesday 21 July to Thursday 23 July, from 9.30 am to 3.30 pm.**

Hydro-Québec recognises the importance of this infrastructure to the local community. During the closure periods, users will be able to use Route 366 or the Newcommon Road bridge.

Hydro-Québec would like to thank the public, the emergency services and the local authorities for their cooperation and understanding.

Information: Info-Projet help line at 1 800 465-1521, extension 6022.
